

Electrical Part for Forklifts

Electrical Parts for Forklifts - Lift trucks and various lift trucks could have particular labels for use in some hazardous locations. The label indicates that this specific model of lift truck meets the minimum standards of ANSI/UL 553 utilized for electric forklifts or ANSI/UL 558 meant for internal combustion engine lift trucks.

Applications for labeled forklifts could be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Areas of Use, Maintenance and Operation, and Type Designations. Consult your local insurance provider and Fire Marshall for additional info regarding the approved uses of industrial powered forklifts in your application.

If the lift truck has been found to satisfy the outlined standards, the following labels may be attached. A marked truck would have the model description placed on the lift truck nameplate and will have one of the following labels put.
