

TCM Forklift Part

TCM Forklift Part - Forklift trucks are an important player in the material handling field of each global industry. Transporting industrial goods takes place each and every day on our industrious planet. First innovated as industrial vehicles during the 1930s in the United States, forklifts gained popularity following World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread globally.

In the year 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the company is simply called TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation with the industry. TCM started constructing lift truck manufacturing sites outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With over fifty years of accumulated technology and expertise, TCM has been proudly making numerous models of industrial forklifts, making their models recognizable all over the world. With a strong and energetic employees, TCM has been able to constantly work towards becoming a future leading material handling company.
