

Spreader Bar for Forklift

Forklift Spreader Bars - Proudly operating since the year 1974, ELME Spreader AB is the largest independent spreader maker all over the globe. They have been a devoted manufacturer of spreaders utilized for numerous applications like the handling of containers, swop bodies and trailers.

Engineering is done in-house by making use of all the most up-to-date FEM tools and CAD systems. The ELME company now has over one hundred twenty five staff members. Their spreaders are supplied to reach stackers, straddle carriers, lift trucks, gantry, quayside and ship-to-shore cranes all-over the world.

The ELME product range offers spreaders for several trailer and container handling operations. Several of their inventory comprise: Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle Carriers and a wide array of attachments.

Manufacturing and production of ELME products are established in highly automated purpose designed factory. In the year 2008, they created 1150 spreaders by making use of quality parts so as to ensure dependability and excellent standards. Major features of ELME consist of design simplicity, market feedback and innovative modular spreader concept.
