Advance-Nilfisk Parts - Imagine how long and tiresome it will be to clean-up right after a party, without assistance from machines. Previously, the dirt from carpets and upholstery had to be beat out of them manually; cleaning cloths, brooms, and brushes were the leading cleaning products at the time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Establishing the business in 1906, he began to make motors to be able to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's vision from the start was to have a worldwide business selling products globally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by a single individual. This invention came in a time where other cleaning machines were huge and needed 4 or more operators, hence, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The mastermind behind these first cleaning machines remains unparalleled. Cleaning machines provide a brilliant solution to an ongoing problem; stuff get dirty and should be cleaned frequently, without too much effort.

Slowly but steadily, Nilfisk-Advance developed all through the years. In the nineteen eighties, this development truly occurred when the business became a part of the NKT Group. Their new owners' drive and concentration made Nilfisk-Advance take a huge leap ahead within the business, aiming to be one of the biggest international players in the market of professional cleaning machines. Nilfisk-Advance is currently represented in all parts of the world by steadily acquiring many smaller companies in order to grow their product selection and presence in new markets. They are really proud to provide a range of cleaning solutions to fit every requirement.
